

# WE GO TO THEM

taking the gospel to where the people are...

## Almost Too Much to Believe

"Now therefore stand and see this great thing, which the Lord will do before your eyes. Is it not wheat harvest today?"

1 Samuel 12:16-17

By Shad Williams

Never in our 31 year history have we seen a harvest like the one we are experiencing today. It would almost be too much to believe if we did not know that it is GOD producing it. Let me share with you just a few glimpses from the harvest field.

### TANZANIA

**ABRAHAM MBATA** and his team conducted 18 film shows on the southern end of Lake Victoria in which 39,000 people out in the remote bush country prayed to receive Christ.

### INDIA

**ARULDOSS GNANAMUTHU** and the students from the LIFE Institute in Madurai have been going to villages and schools sharing the Gospel and they are seeing thousands respond – mostly Hindus. They have made two trips to Orissa in the north where Christians are being severely persecuted by radical Hindus. What they have found, even among the displaced Believers, is an unprecedented enthusiasm for the Gospel and a church that is growing and reaching out – even though they have to meet in secret under the trees in the forest.

Aruldooss Gnanamuthu

### MALAWI

**GIBSON KACHAJE** and the team conducted 79 meetings in January and February in spite of heavy rain. They slogged through muddy roads to villages and markets presenting the Good News. The result of their efforts was that 26,942 people came to Jesus.

### NIGERIA

**JONAS PRINCE OBINA** and his GFE team have completed scores of meetings in open-air markets, street meetings and schools. They have seen 67,600 say yes to Jesus in those meetings. This new GFE field is producing a harvest that none of us thought possible.

Jonah Prince Obina

### CONGO

**OYELO ULIMWENGU** and his team are working in a very hard area. The city of Goma, where they are located, has been the center of guerilla warfare for months, but in spite of the danger they continue to go out in the streets and markets to proclaim Christ. Over the past few weeks they have seen thousands come to Jesus.

Oyelo baptizing new Believer

### KENYA

**BEN BAHATI** and members of the GFE team recently conducted a campaign in the desert region of the country near Sudan and Ethiopia. There they saw literal miracles of God. Over 26,000 people were saved and among them were many Muslims. In all Ben has seen 102,154 people come to Christ this year. Other members of the team (Alfred Egeyse in Nakuru, Daniel Khatera in Kisii, Richard Makani in Kitale, Willfred Andabwa and Kevin Chumba in Eldoret, and on and on have conducted hundreds of meetings in schools, film shows and markets. Their efforts combined have resulted in over 75,000 people receiving eternal life in January and February alone.

## 400,000 Pray to Receive Christ in First 80 Days

**T**hus far the entire ministry of SWEA / GFE has seen over 400,000 people pray to receive Christ in the first 80 days of the year. One reason we are seeing so many come to Christ is that there are now 125 to 150 GFE team members out proclaiming the Gospel to the masses EVERY DAY. But the biggest reason is that God is blessing the preaching of the message of hope. We can preach all we want, but if HE does not convict and convert, then it is all for nothing. We praise God that He is choosing to use the ministry of GFE at this time in history for the building of HIS Kingdom and for HIS honor and glory. I just pray He will continue to do so and that He will continue to allow me to be a small part of what HE is doing. Thank you all for being with us as "we go to them."
