

Next Campaign - KENYA June 15 - July 7 Celebrating 20 years of Ministry in Kenya

by Shad Williams

1990

This campaign actually begins ten days prior to our arrival in Kenya on the 17th. Members of the GFE Kenya team have arranged meetings in 40 high schools in and around Eldoret from June 7-30. In addition, we will also be doing dozens of open-air meetings during the day and film shows in the evenings. We are believing God for a great harvest of souls during this project.

Also during this project, a wonderful event will take place – **THE 20 YEAR ANNIVERSARY CELEBRATION**

OF GFE IN KENYA. In June 1990, Sheila and I made our first trip to Kenya, and during that project we met a 26-year-old young man who was trying to get started in evangelism. His name was Ben Bahati. We met Ben at an open-air noon hour meeting in the railway park in Nairobi. He was playing an accordion and singing. When Sheila and I saw that young evangelist in action, we were immediately drawn to him and we both knew he was the real thing. We teamed up together for the remaining days of that trip and God knit our hearts together, forming a bond that would last forever, laying the foundation for a ministry that would ultimately exceed any of our expectations. What God started 20 years ago has now grown into a huge ministry team involving hundreds of people. Since that meeting in 1990, we have seen millions come to Jesus, and we all know that GFE Kenya has only just begun.

2010

Current Faith Objects

Please join us in prayer as we look to God to provide for these specific needs:

- Funding for upcoming Kenya campaign
- Clear weather for the project
- Holy Spirit power in preaching the Gospel
- Response to the Message
- God's protection and health and safety for the team in travel and ministry

Please pray daily for these SWEA/GFE team leaders and their field

Muslims Can Be Saved

by Shad Williams

In 2008 Ben Bahaiti (Dir. GFE KENYA) led a team to Northern Kenya to preach to thousands of people in refugee camps. Many were from Somalia and were Muslims. Under Ben's preaching, several of them received Jesus. They stayed on in the camp, but as they began worshipping Jesus and sharing their newfound faith with others, they came under severe physical persecution. After being notified by Ben of their condition, we sent money to Kenya to have the group of six converted Muslim's brought to Nairobi and nursed back to health. Now they are preaching to other Somali Muslims living in Nairobi and two house fellowships have been established.

Recently they heard of a converted Somali Muslim who was saved a few years ago and had also preached to them before Ben. He went back to Somalia and preached in Mogadishu, the capital city. The Alshabab people, who told him, "If Jesus is your refuge and Savior, then let him deliver you out of our hands", caught him. They tortured him, then crucified him and left him for dead. Somehow he was taken to a hospital in Somalia where our Somali friends found him during a trip back to Mogadishu in April. He was recovering and was more determined than ever to preach Christ.

Can Muslims be saved? Yes, and they can become firebrands for Jesus, even to the point of death. Our brothers in Nairobi have begun a branch of GFE there in the city called **Somalia Field Evangelism Outreach** and they are committed to seeing other Muslims come to Jesus. Pray that God will provide what they need to serve Him effectively – food, housing, clothes, ministry tools and support. Not only CAN Muslim's be saved, they ARE being saved.

Real Faith UPDATE

First Real Faith Seminar A Great Success

Our first Real Faith Seminar was held in Memphis on Saturday, May 15. It was hosted by Briarwood Baptist Church and we are very grateful for their help in making this event such a success. From 9:30 in the morning until nearly 4:00 in the afternoon, Shad and Sheila taught on the "Seven Principles of Real Faith." One lady who drove over one hundred miles to attend the seminar said to Sheila, "What I received in just the morning sessions was worth making the trip three times over." Comments like hers are very encouraging and let us

know that this is a dimension of the ministry of SWEA that we must continue to develop. Another woman said, "today is a life changing moment for my husband and me."

We are praying that God will enable us to present the message of faith in many places across America and the world so that thousands of Christians

can make the same discoveries that were made by those who attended this "Faith Event" in Memphis. Please pray with us to this end and please contact us soon to schedule a life-changing Faith Event in your area.
