

# WE GO TO THEM

October 2008

taking the gosepel to where the people are...

Dear friends,

I am sure that many of you have already visited our new website, but for those of you who have not, I would like to invite you to do so. Please go to [www.wegotothem.com](http://www.wegotothem.com) Jon has done a great job on revamping it, and has added a lot of information that I know you will all be interested in. Let me mention just a couple of points of interest.

First there is a page on "Field Evangelism" which explains exactly what SWEA – GFE does out there in the world. Included on this page is a link to the material we use in training evangelists how to use the "We Go To Them" methodology. You can download it and print it out if you like. There is also a history page, which gives some information about how the ministry came into existence and what it has been doing for the past 30+ years.

Another page that has been added is the volunteer page, which gives information about how to get involved in one of our campaigns. If you know of anyone who might be interested in going with us on a project, this would be a good place to refer them to. The direct link to this page is [www.wegotothem.com/Site/Volunteer.html](http://www.wegotothem.com/Site/Volunteer.html)

And then I am sure you will all want to visit the photo page and the newsletter page. On the photo page you will find several albums from past projects and on the newsletter page you will find all our newsletters from the past couple of years.

There are several pages still under construction that will be up soon, but in the meantime, please come visit us. I believe you will enjoy the site and I also believe you will be encouraged by it. Please pray that God will use it as a ministry and that it will continue to be a blessing to those who visit.

## Next Campaign Kenya - January 2009

Our next project will take place in Nairobi and in another city two hours north called Nyery. The ministry activity will consist of open-air meetings, school assemblies, evening film shows and a D'Change festival. I am mentioning this project in this update because at this point we still have time to add people to the team. So – if you are interested in joining us for this campaign, please let me know right away so we can get the process started. In the meantime, God bless you all and thank you for being with us as WE GO TO THEM.

## Please Pray for Our Upcoming Board Meeting

On Saturday, November 1 the Board of Directors for SWEA – GFE will meet here in Adamsville. This is a very important meeting and we need your prayers. Topics for discussion and decision include our proposed budget for 2009, current ministry activities, campaign schedule for 2009, expansion into other countries and ministry strategy for reaching the masses around the world. Sheila and I praise God for the dedicated men and women He has chosen to serve on our board. I praise God He has connected our lives together for the expansion of His Kingdom and for His glory.

Dear Friends,

Thank you for visiting our website and welcome to the international ministry of SWEA- GFE. It is our joy and privilege to share our vision, goals, and activity with you and it is our prayer that the information presented here will be a blessing and encouragement to you.

It is our intention through this website to not only present helpful information about the ministry of SWEA-GFE, but also offer evidence to the fact that the Gospel is still the "power of God unto salvation to all who believe", that the Kingdom of God is still growing and that we as believers have every reason to be motivated and super excited about taking the Good News of our Lord Jesus Christ to a world that is in such desperate need of hearing it.

We are living in an age of unprecedented opportunity for the spread of the Gospel. people throughout the world have never been more ready to receive the message of Christ than they are today. Over the past 30 years on international ministry we have seen 6.5 million people pray to receive Jesus and publicly profess Him as Lord and Savior. On one hand we praise God for all he has done (because it is ALL HIS doing), but on the other we realize that we have only just begun and there is so much left to do. Therefore, as an international team, it is our goal to get the message of hope to as many as we can as fast as we can with the resources God places at our disposal. I pray that as you look at the pictures and videos and read the articles and newsletters you may be led by the Spirit of God to join us in this effort.

Again, thank you for visiting our site and if there is any information you need about any aspect of the ministry that is not included here, please contact us and we will do our best to provide it for you.

Yours for His harvest,  
*Shad*
