

We Go To Them

"TAKING THE GOSPEL TO WHERE THE PEOPLE ARE"

AFRICA-HERE WE COME AGAIN

KAKAMEGA KENYA CAMPAIGN

AUGUST 23 - SEPTEMBER 12

This 36th campaign in Kenya will be a dual-purpose project consisting of "we go to them" field evangelism, as always, plus a four-day marriage seminar for 50 married couples who serve with the Global Field Evangelism Kenya Ministry. The seminar will be led by Dave Lewis, Director of Intimate Encounters Ministry – North Point Community Church, Atlanta, GA. Dave also serves on the Board of Directors of SWEA. Dave and his team have put an enormous amount of work, planning, preparation and expense into this effort, but we believe it will have a great and lasting impact upon those who attend as well as on the long-term ministry of GFE in Kenya. GFE Kenya is poised and positioned for tremendous growth which will result in millions of people coming to Jesus – but – that growth must be established upon a solid foundation. There is no doubt in our minds that this seminar will contribute greatly in building that foundation. Nothing builds a strong ministry like strong, unified families working in it. Please pray for Dave and his team as they meet with and minister to these precious couples who make up the core of our ministry in Kenya. We know that satan stands in opposition to strong homes unified in the purpose of storming the gates of hell for the glory of God. But we also know that we have the victory in Jesus.

of the evangelistic ministry will take place in Kakamega where the seminar will be held. Then on Sept. 3 we will move to the city of Kitale and finish there. Again we ask for your prayers as we take the Gospel to those who have yet to hear it and need it so badly. We are expecting to see many thousands of people come into the Kingdom of God, but we know satan will not let them go without a fight. So please pray. We need God's supernatural provision, peace, protection and proclamation power. We also need clear weather.

While the seminar is in progress Shad, Sheila and the team (single guys) will be in the streets and markets confronting the multitudes with the Good News of Jesus. The first phase

This will be the 69th campaign we have conducted in east and central Africa. They have all been different in some respects, but they have all been the same in that every single time, we have seen thousands come to Christ and lives changed forever. We expect to see no less this time as once again "we go to them" to preach His Word. May I say THANK YOU to all of you, our friends, who continue to be used of God to make these campaigns possible. Thank you for your prayers. Get ready Africa – here we come again!

MALAWI and TANZANIA

Kenya is not the only place in Africa where we are seeing a tremendous harvest. Gibson Kachaje and the GFE Team in Malawi are out in the markets and villages weekly proclaiming the Gospel and are seeing thousands come to Christ. The same is true in Tanzania where Augustine Mpemba and the Team are seeing the same thing. Even as we send this update they are conducting field evangelism meetings as well as large scale crusade type events in which many thousands of people are being confronted with the claims of Jesus. The reports we are getting reflect that people are coming to Jesus in unprecedented numbers. You will receive a full report on this amazing activity soon. In the meantime, let's all be faithful to pray for the continued outpouring of God's Spirit upon this part of the world. Also, please pray for us as we make plans for projects to be conducted in these two countries.

UGANDA and THE CONGO

Plans are underway to expand the ministry of SWEA/GFE into other African countries. Two of them are Uganda and The Congo. We have identified two men we believe are God's men to head up this expansion – brother Abby Collins Lukeera (Uganda) and brother Oyelo Ulimwengu (Congo). We'll be meeting with them again during this Kenya project to finalize plans and begin preparations for the establishment of GFE Uganda and GFE Congo in the next few months. Please pray for God's clear guidance as we proceed with these plans. We'll send you a progress report when we return. In the meantime, may God bless you all, our precious friends, and thank you all again for being with us and all the GFE Team as "we go to them".
