

FIRST QUARTER PRAISE REPORT

400,000 PRAY TO RECEIVE CHRIST

TO GOD BE THE GLORY FOR GREAT THINGS HE IS DOING!

As we begin our fifth decade of international ministry, it is with great praise to God for a bountiful first quarter of 2018! God is blessing this ministry in so many ways. First and foremost, He is blessing with souls coming to Jesus. In the first 90 days the collective efforts of the "We Go To Them" teams have resulted in **413,762** individuals asking Jesus into their heart as Lord and Savior! They averaged reaching 5900 people per day with the Gospel, and an average of 4600 per day prayed to receive Christ. Night and day they proclaimed the Good News in open-air venues, schools, and film shows. And, every day the Kingdom of God has grown. May God continue to bless in this same way in the coming months.

Also, not surprisingly, God has provided for the needs of the ministry day by day, month by month. As always, and in keeping with His promises, He has done it miraculously. God's sustaining of this work is not explainable in human terms. Quite frequently it looks impossible for us to continue on another month, but God always makes a way. Just when it appears the work will have to stop, He steps in with His supernatural provision. We have seen Him do that over the past ninety days, and we praise His Holy Name.

In addition to blessing with a great harvest, God is also opening doors for even more opportunity. Over the past three months, survey trips have been made into several other countries to determine the feasibility of expanding the we go to them approach into other places. The prospects are very promising, and we expect to move into other areas of Africa within the next few months.

There are also people being trained in how to do the work of field evangelism. They receive instruction in seminars and in on-the-job experience. We want the work to continue to expand and, if that is going to happen, there must be people coming along to do it. There have been a number of them added to the ranks since the first of the year. We are trusting God for many more.

The first quarter began with a great campaign in Machakos Kenya. But, that was just the beginning, and it was just a small part of the picture with 25,506 people responding. Through the tireless efforts of all the field teams, that number swelled to over 400,000. But, that's what it is all about – many people working together, using the same methods, and proclaiming the same message under the power of the Holy Spirit.

It has been a great first quarter, and we praise God for it. BUT, the year is young, and there is a long way to go. There is no time to relax. So, on we go for the cause of Christ, trusting that God will continue to bless as WE GO TO THEM.
