

REAPING THE HARVEST IN RWANDA - 67,000 RESPOND

In October, 2018, we made our first trip to Rwanda, to conduct a campaign in the capital city of Kigali. At the end of that project we came away with the conclusion that this is a country ripe for harvest and ready for the ministry of field evangelism. That conclusion was reinforced on the campaign we just finished there in September. Early Sunday morning, September 8, Kevin Chumba and twelve members of the GFE Kenya team left Eldoret headed for Kigali. Twenty-four hours later they arrived to begin conducting high school assemblies and open-air meetings. One week later, Sheila and I left to join them on Wednesday 18th. By the time we arrived, they had already completed 40 school meetings and had seen 29,000 people respond to the Gospel. Over the next nine days we worked with the team to conduct another 51 assemblies plus open-air meetings. It was a busy project, and when we gathered for our final team meeting on Saturday 28th, it was my extreme joy to announce to the team that all their hard work had resulted in 67,203 people responding to the Gospel. They broke out in applause and praise to God. As darkness settled over the country early that evening, we all joined hands and offered praise to God and prayed that He would allow us to assemble together soon to do it again. And, we WILL, by God's grace, do it again - in January 2020 in Mwanza, Tanzania. Preparations are already underway. But, for now, we praise God for allowing us to see another 67,000 people pray the life-changing prayer to receive Jesus as Lord and Savior.

VISION 2020 - EXPANSION IN PROGRESS

In our last two newsletters I mentioned that major plans for ministry expansion are underway. Well, by way of update, let me share with you that great progress is being made. We had two team meetings during the Rwanda project to work on it. One team member is moving to Mombassa on the coast of Kenya, and another to Rwanda. Then others are moving to Machakos (eastern Kenya), Thika (central region), and Bungoma (western region). Another member will be concentrating on establishing work in the neighboring country of Uganda. I will send a map soon with locations and team member's names. Please pray that God will provide all that is needed (vehicles, equipment, operation funds) as these people move out by faith to establish new teams throughout east Africa.

A rough road to a school

THIRD QUARTER RECAP - 1.3 MILLION RESPOND TO THE GOSPEL

As of the end of September, we have completed three major campaigns in Kenya, Tanzania and Rwanda. In those projects, 164,000 people responded to the Gospel. But, the bigger picture is what has gone on in the field day by day. Through that daily ministry, 1,136,000 people have prayed to receive Jesus – for a total response of 1.3 MILLION! We have three months left to go in this year, and we are anxious to see what God does in those days.

NEXT CAMPAIGN: MWANZA, TANZANIA - JANUARY 2020

As I type this letter, preparations are already being made in Mwanza for the upcoming campaign. Permits are being secured, venues located, logistics worked out, and so on. Please pray that God will guide in every step, in every detail – there are hundreds of them. Pray that He will miraculously open doors for the Gospel.

THANK YOU ALL

This ministry is able to do what it does because of the grace of God, and because of the prayers and support of a truly spectacular group of people who love Jesus, who love unsaved people, and who love us. On behalf of Sheila, myself, and the entire Team – THANK YOU! Thank you for always being with us as WE GO TO THEM.
